

**On Saturday, August 31st, Ambrose White, our president passed away after a brief illness.**

**It is a tremendous loss for all of us to lose such a great man, and we were very grateful when he stepped up to lead our organization. In addition to his life and professional experiences, he was someone who had a keen interest in people, a commonsense approach to everything he did and an endearing smile and a great sense of humor.**

**Ambrose was pleased and looking forward to his term as President of the RTO and was making plans for the adventure and challenges it presented.**

**In my work with Ambrose, I so appreciated his support and words of encouragement. He was always available to me to provide support, advice and even a shoulder to lean on if that was what the occasion called for.**

**His impact on the RTO will endure and is a stark reminder that life is precious. As we move forward, we will keep Ambrose in our hearts and be grateful for knowing this gentle soul.**

***Alyson Hillier – Ad Hoc President***

***Retired Teachers Organization of the Nova Scotia Teacher's Union.***
