

## **MEDICAL ALERTS AVAILABLE TO RTO MEMBERS AT DISCOUNTED RATES**

**Northwood provides medical assistance devices "Intouch" to support both RTO members and RTO family members, should either be in a situation where assistance is needed but are not able to get to a telephone to call for help. There are two devices that will be available to RTO members at a discounted price, as follows:**

**Basic Alarm** – Regular \$43/month reduced to \$35/month for RTO Members

*The Basic Alarm is the standard personal alarm.*

*Worn on the wrist or around the neck, the system is activated when the button is pressed. While traditionally thought of for medical emergencies, the buttons can be pressed for any type of emergency, be it fire, home invasion, etc.*

**Automatic Fall Detection (Fall Alert)** – Regular \$55/month reduced to \$45/month for RTO Members

*Whether you worry because it has happened to you or someone you know, the fear of falling and not being able to get help is real. It can limit how you live your life, but it doesn't have to.*

*Ease your worries and have peace of mind knowing that even if you can't call for help, your button will do it for you! Lightweight and discreet, with a range of wearing options plus adjustable sensitivity, the fall alert pendant provides constant care, automatically.*

*The units connect to a regular home telephone jack and enables the signal from the automatic fall detector to be sent our Emergency Response Centre (can be connected to a cell phone at an additional cost). A two-way speaker allows for hands-free communication between the subscriber and operator.*

**For more details on whether this item is right for you and how to sign up and receive the RTO discount:**
